Congratulations to our entire Town Council for doing the right thing by banning conversion therapy in Bay Harbor. SAVE, the leading advocate for LGBTQ equality, last month recognized Councilmember Josh Fuller and me for sponsoring the ordinance, but our entire Council deserves a thank you for unanimously voting to ban such a barbaric practice and supporting human rights.

As I have mentioned before, the mayors of our surrounding municipalities and I have been collaborating in areas mutually beneficial to our communities. In 2016, this resulted in the creation of a shower station at the 96th street entrance to the beach, paid for equally by Bay Harbor Islands, Bal Harbour and Surfside. Last month's approval by our Council of an allocation of up to \$50,000 for a Regional Hybrid Skate Park and Pump-track in Miami-Dade-County-owned Haulover Park will be our most significant collaboration to date. Along with the City of Miami Beach, the Town of Surfside, the Village of Bal Harbour and City of Sunny Isles Beach, Bay Harbor Islands contribution of funds to build this new park for adults, teenagers and younger children will be a great legacy of our Towns, Villages and Cities working together. The park will be free for everyone and managed by the County. In addition, plans are being discussed about providing a shuttle stop on our bus routes so that teenagers, adults and families will all have a safe, free and sustainable way to get to the park and back home. Proposed plans for the new park can be found on our Town website. Thank you to Surfside Mayor Daniel Deitch, Sunny Isles Beach Mayor George "Bud" Scholl, Bal Harbour Mayor Gabriel Groisman, former Bal Harbour Mayor Martin Packer, Miami Beach Mayor Philip Levine and our own County Commissioner Sally Heyman and County Mayor Carlos Gimenez for all their work in making this a reality.

Many residents have been asking about an update on my proposal to research the feasibility of building a community pool in Bay Harbor Islands. This item will be ready to be presented by staff at our next Town Council meeting in August. Residents have also asked about mosquito spraying within the Town. Larvicide treatments resumed in June and will continue between bi-weekly, as weather permits. More information, including what is being used, and a schedule are available on our Town website in the News section.

On July 27th, at 11:00 a.m., the Town will be dedicating the "Mayor Ileene & Chuck Wallace Community Room" in the Morris N. Broad Community Center in recognition of their decades-long efforts on behalf of the Town of Bay Harbor Islands; a well deserved honor for both our former mayor and recently-passed husband, Chuck.

Lastly, we all wish a speedy recovery to Vice Mayor Stephanie Bruder, who is recovering from wrist surgery after sustaining an injury in a car accident while vacationing with her family.

Have a great summer,

TOWN COUNCIL UPDATE

Champions of Equality Honored for Supporting LGBTQ Rights

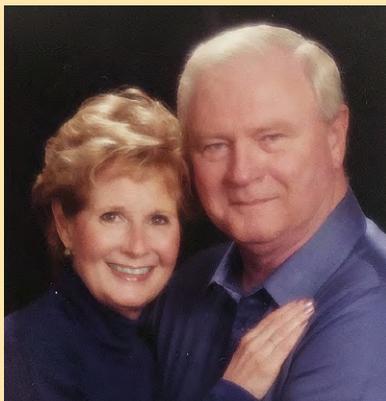

Bay Harbor Islands Mayor Jordan W. Leonard and Council Member Josh Fuller were honored by SAVE Miami at the Champions of Equality Gala on June 16. They were among the local officials who enacted legislation that banned LGBTQ conversion therapy within their municipalities. SAVE Miami works to advance the cause of equality for the LGBTQ community in South Florida.

(L-R) SAVE Deputy Director Justin Klecha, State Representative David Richardson, North Bay Village Mayor Connie Leon Kreps, El Portal Councilman Harold Mathis, Bay Harbor Islands Mayor Jordan W. Leonard, Wilton Manors Vice Mayor Juntis Flippen, Miami Beach Commissioner John Elizabeth Aleman and SAVE Miami Executive Director Tony Lima. Not pictured: BHI Council Member Josh Fuller.

Student Scholars Recognized at Council Meeting

Bay Harbor Islands recognized three students for their academic performance, school activities and community service during the 2016-17 school year. (L-R) Helena Epstein, Miami Beach Senior High School; Mayor Jordan W. Leonard, Cole Vita from Nautilus Middle School and Hannah Hurwitz from Ruth K. Broad K-8 Center. Helena Epstein also received a scholarship award of \$1,000.

Join us

on Thursday July 27 at 11 a.m. for the
Dedication of the

**Mayor Ilene & Chuck Wallace
Community Room**
in the Morris N. Broad Community Center

On January 9 of this year, the Town Council voted unanimously to recognize the Wallaces for their decades-long efforts on behalf of the Town and its residents; a sentiment that was shared by Morris Broad for whom the Center is named.

The Morris N. Broad Community Center is located at 1175 95th Street in Bay Harbor Islands. The Ceremony will begin at 11:00 a.m. Refreshments will be served, following the dedication.

Trim Trees Away From Power Lines

Residents remember how many power lines were brought down by falling overgrown trees during past hurricane and tropical storms. In an effort to prevent this from happening, the Town Council passed an ordinance requiring property owners to keep their trees and vegetation trimmed and away from power lines. Check your trees and be proactive. By trimming trees and vegetation away from power lines, you can minimize the impact of storms to the area. Visit Florida Power and Light's website, www.fpl.com, for more information on tree trimming and search for "Trees and Power Lines" or type the direct web address: www.fpl.com/reliability/trees.html. If you don't have internet, stop by Town Hall for a copy of FPL's publication *Right Tree, Right Place*.

If the trees are already growing into the powerlines,

please contact FPL, 1-800-226-3545, and ask about their Line Clearing Program. For additional information, contact the Town Clerk Marlene M. Siegel or ask a Code Compliance Officer, at 305-866-6241.

Only Rain Should Go Down the Stormwater Drain

With the start of the tropical storm season, residents should be mindful of preventing any leaves, trash or any foreign substances from entering our municipal storm water system. Only rain water should enter storm water drains because the system flows directly into Biscayne Bay. Because Bay Harbor Islands is surrounded by the bay and next to the Intracoastal Waterway, it is important that no pollutants of any kind are washed into the system. It is also important that leaves, clippings and trash DO NOT block the storm drain. During heavy rain events, this will cause flooding of streets, sidewalks and private property.

Substances such as detergents, pesticides, oil, fertilizer, lawn clippings, leaves and soil erosion from lawns and construction sites are often washed down the storm water grates and damage our surrounding aquatic ecosystem. By making efforts to retain the first inch of rainfall on every property reduces the discharge of these pollutants after rainfall.

Plastic bags are a particular environmental eyesore and dangerous to marine life. Plastic bags and Styrofoam cups must be discarded in regular garbage containers. Do not place plastic bags and Styrofoam in the recycle containers. Do your part to keep our storm water system clean and our surrounding ecosystem healthy:

- **Shop wisely.** Buy products labeled biodegradable, non-toxic, non-phosphorous or water-soluble. These products readily decompose and will not pollute surface or ground water.
- **Store products carefully.** Keep toxic products in original containers, closed and clearly marked.
- **Keep irrigation water on the lawn.** Divert irrigation heads away from paved areas.
- **Compost grass and shrub chippings.** Use mulch for fertilizer and DO NOT blow grass clippings onto the roadway or into bay waters.
- **Do not drain used motor oil, paints, mineral spirits, weed killers and pool chemicals into storm drains.** *Free disposal options are available for noncommercial residents. Items up to 50 pounds may be dropped off at the Home Chemical Center at 8831 NW 58th St, Miami 33178. Hours are 9 to 5 Wednesdays through Sundays, call 305-594-1500.*
- **Dispose of litter properly**

Volunteer Needed to Serve on the Planning & Zoning Board

The Town is looking for a volunteer to fill a vacancy on the Planning and Zoning Board. The Board reviews and approves new construction, exterior renovations, additions, plan revisions, etc.

If you have been a resident of the Town for a minimum of one year, are interested in participating and feel qualified to give your input, please submit a letter of interest and a copy of your resume to Town Clerk Marlene M. Siegel at Town Hall. If you don't have a resume, please list your life experiences or special qualifications in your letter. You may also fax to, 305-866-4863, or e-mail to, msiegel@bayharborislands-fl.gov. The deadline to submit your resume or letter is Friday, July 21. The ideal candidate should have expertise and experience in the field of engineering, architecture, land use and zoning law, city planning, construction or any other field that substantially relates to the development of real estate. The Town Council will review the submittals and appoint the new member at the August Council meeting. For more information, please contact Marlene M. Siegel at 305-866-6241.

MORRIS N. BROAD COMMUNITY CENTER

SUMMER SESSION:

Still interested in our summer programs? Call the Morris Broad Community Center for more information, 786-646-9970.

- Adult Yoga, 5 to 6 pm on Monday and Wednesday
- Zumba Kids, 10 to 11 am on Saturday
- Kids Yoga, 11 am to 12 pm on Saturday

ACTIVE SENIORS

Summer session of for Senior Yoga classes starting June 19 through August 9 .

- 10 to 11 am Monday and Wednesday

Join us for our 4-week session of Senior Computer Classes: July 10 through August 2

- 9 to 10 am Monday and Wednesday

Game Day and Social • Wednesday, July 5 and 19 at 10 am

Come to the Morris N. Broad Community Center on the 1st and 3rd Wednesday of every month, from 10 a.m. to 12 p.m. Enjoy conversation and board games. We have classics such as mahjong, chess, rummy and checkers. Refreshments will be available.

Senior Matinée Movie • Friday, July, 25, 2017 at 1:30 p.m.

Make your plans to see the recently release film, *Hidden Figures*. Join us for a free afternoon movie. **Please arrive early for seating.**

YOUTH

Our game room is OPEN! Come play on our new Ping-Pong table, basketball shooter game and classic board games. Join us on Wednesdays from 3:30 p.m. to 5 p.m. for Kids Game Day 8 years to 12 years. Join us on Fridays from 3:30 p.m. to 5 p.m. for Teen Game Day for those 13 - 17 years.

SOCIAL MEDIA

For more information about the Community Services Department, call the Morris N. Broad Community Center at (786) 646-9970.

Town of Bay Harbor Islands Flood Protection Information

Because Bay Harbor Islands lies entirely in a floodplain, the Town is required to have floodplain management ordinances. These ordinances, which were adopted in 1993 and subsequently updated in 2009, allow the Town to participate in the National Flood Insurance Program (NFIP). The Town's participation in the NFIP enables property owners to obtain flood insurance. The Federal Emergency Management Agency (FEMA) has determined that incorporated municipalities in Miami- Dade County should be considered separately to insure better compliance with NFIP regulations.

Additionally, the Town has applied for and received classification in the NFIP's Community Rating System (CRS). As a result of the Town's participation in the CRS and its efforts to achieve higher ratings, residents may be able to see a discount in flood insurance premiums. You can help our standing in this program by providing the Town's Building Department with a flood elevation certificate for your property.

Local Flood Hazard

This information is being provided to you because the entire Town is in a flood hazard area, which means all properties located with the Town (including yours!) are in the flood hazard area. It is imperative that you know what to do to minimize flood damage. Since Bay Harbor Islands is comprised of two barrier islands surrounded by Biscayne Bay, a storm surge may flood the entire Town. Any storm surges experienced here will most likely be as a result of a hurricane or tropical storm.

Town Flood and Map Information Services

To assist residents in understanding the National Flood Insurance Program and the effects construction, remodeling and maintaining buildings, the Town offers the following services:

- Flood Insurance Rate Map (FIRM) Reading/Determination – Assist you in understanding the FIRM and determine the correct base flood elevation for specific properties.
- Flood Insurance Rating Data
- Site specific elevations for mechanical equipment
- Copies of completed FEMA Elevation Certificates are available
- Provides information on our local drainage system and those areas they may be experience local drainage problems
- Historical flood information

Additionally, staff will visit properties upon request to review its flood problem and explain ways to stop flooding or prevent flood damage. For further assistance, please contact the Town's Building Department at 305-993-1786 or in person at 9665 Bay Harbor Terrace, Bay Harbor Islands, FL 33154.

Drainage System Maintenance

A serious risk to the safety of residents is the blockage of catch basins by debris which prevents proper drainage of storm water. The Town sweeps the streets on a weekly basis and monitors all catch basins after each storm event. As a resident you can help by not placing lawn cuttings or any other debris out by the curbside on the Town of Bay Harbor Islands Flood Protection Information weekend. This is a violation of Section 9-23 of the Town Code. If you see or know of anyone illegally dumping materials/debris into any catch basins within the Town or tampering with any part of the Town's drainage system, please contact Town Hall immediately at 305-866-6241.

Flood Safety

- Do not walk through flowing water! Drowning is the number one cause of flood deaths, mostly during flash floods. Currents

can be deceptive; six inches of moving water can knock you off your feet. If you walk in standing water, use a pole or stick to ensure the ground is still there.

- Do not drive through a flooded area! More people drown in their cars than anywhere else. Do not drive around road barriers as the road or bridge may be washed out.
- Stay away from power lines and electrical wires! The number two flood killer after drowning is electrocution. Electrical current can travel through water. Immediately report downed power lines to Florida Power & Light (FPL) or to the Town's Police Department.
- Have your electricity turned off by FPL! Some appliances such, as television sets, keep electrical charges even after they have been unplugged. Don't use appliances or motors that have been wet unless they have been taken apart, cleaned and dried.
- Look out for animals, especially snakes! Small animals that have been flooded out of their homes may seek shelter in yours. Use a pole or a stick to poke and turn things over and scare away small animals.
- Look before you step! After a flood, the ground and floors are covered with debris including broken bottles and nails. Floors and stairs that have been covered with mud can be very slippery.
- Be alert for gas leaks! Use a flashlight to inspect for damage. Don't smoke or use candles, lanterns, or open flames until the gas has been turned off and the area has been ventilated.

Flood Warning System

In cases where flooding might occur during emergency situation, the following local radio and television stations will provide critical information as part of the Emergency Broadcast System:

WIOD-610 AM (E), WAQI-710 AM (S), WINZ-940 AM (E), WQBA-1140 AM (S), WFOR-CH 4 (E), WTVJ-CH 6 (E), WSVN-CH 7 (E), WPLG-CH 10 (E), and WFTS-CH 28 (S)

(E) English Language Broadcast (S) Spanish Language Broadcast

Emergency information covering emergency procedures and evacuation routes is available through the Miami-Dade County Office of Emergency Management located at 9300 NW 41 Street, Doral, Florida 33178 and the telephone number is 305-468-5400. In the event of a hurricane, all residents of Bay Harbor Islands are required to evacuate when ordered by the mayor of Miami-Dade County. Shelter information will broadcast at the time of the emergency, however, each resident should make plans well in advance of the emergency. Public emergency shelters should be your last resort. During other emergencies always dial 911 for Police and Fire Rescue services.

Other sources for information concerning Special Flood Hazard Areas and insurance are:

BHI Town Hall: 305-866-6241
Miami-Dade Library: 305-682-0726
DERM: 305-375-3376
FEMA: 404-853-4408
South Florida Water Management: 407-687-6966
State NFIP Coordinator: 904-487-4915

Detailed information concerning flood preparedness and insurance is available at: Miami-Dade County Library, Sunny Isles Beach Branch in the Reference Section, 18070 Collins Avenue, Sunny Isles Beach, FL 33160, 305-682-0726.

Town of Bay Harbor Islands • Flood Protection Information, continued

Property Protection Measures/Flood Proofing

The term “flood proofing” means physical alterations to your building that improve the ability of properties and structures to withstand the damages caused by flooding. You need to prepare your own emergency list of activities and procedures to follow in case of a flood, tropical storm or hurricane. Information is available at Town Hall, the Miami Dade County Office of Emergency Management and at the local library. You must take action now to minimize losses to your property and possessions.

While recent improvements in construction practices and regulations have made new homes less prone to flood damage, there are a significant number of existing homes that are susceptible to flood losses. These losses can be minimized through some of the temporary and permanent flood proofing/ retrofitting techniques, such as:

- Constructing small flood walls or earthen berms
- Waterproofing and water tightening closures of doorways
- Raising your property above flood level
- Elevating and securing electrical appliances
- Under emergency conditions, sandbags can be used to shore structures, and elevating or covering furniture and valuables can help minimize damage.
- Installing storm shutters and reinforcing garage doors to provide hurricane protection

Important Note: Any alteration to your building or land requires a permit from the Building Department. Even regrading or filling the floodplain requires a permit.

For more information on these techniques, you may call the Building Department at 305-993-1786.

Dry Flood Proofing

Dry flood proofing includes sealing or waterproofing with special materials and compounds which provide a chemical or physical barrier against water intrusion during times of flooding. Information on this can also be found in the reference section at the local library.

Floodplain Development

The Town of Bay Harbor Islands has a flood damage prevention ordinance that governs all development within the Town. This ordinance complies with the requirements of the National Flood Insurance Program and applicable state law. Cumulative substantial improvement over a five year period is contained in the ordinance. Work that exceeds 50% of the value of the structure in five years triggers additional requirements. The NFIP requires that if the cost of reconstruction, rehabilitation, addition or other improvements to a building equals or exceeds 50% of the building's market value, then the building must meet the same construction requirements as a new building. Substantially damaged buildings must be brought up to the same standards (e.g., a residence damaged so that the cost of repairs equals or exceeds 50% of the buildings value before it was damaged must be elevated above the base flood elevation).

Since the Town lies completely in a special flood hazard area surrounded by Biscayne Bay, all development and improvements require permitting from the Town of Bay Harbor Islands Building Department. This is to insure that proposed development and improvements meet all existing codes for the work contemplated. This includes buildings, fences, slabs, pools, sprinklers, air-conditioners, excavations, grading and filling. In fact, any work that has a value of \$100.00 or more must have a permit. If you are considering doing any work to your property, please contact the Town's Building Department for a free consultation. All work

must have a permit card prominently displayed on the building or work site.

Anyone who sees construction work being performed and does not see a permit card should contact the Town's Building Department as soon as possible.

Flood Insurance

Always carry flood insurance! Regular homeowner's insurance does not cover flood losses, but during the life of an average mortgage, residents have a 26% chance of experiencing a major flood disaster during the life of a 30 year mortgage. Flood insurance through the NFIP is available by contacting a licensed property and casualty insurance broker. Limits to coverage are \$250,000 for residential structures and \$500,000 for commercial structures.

If you are currently covered, double-check that the building coverage is adequate and make sure you have contents insurance. Contents insurance can also be purchased with a separate premium under the same policy. Limits to contents coverage are \$100,000 for residential and \$500,000 for non-residential.

Please note: when purchasing flood insurance, there is a 30-day waiting period before the policy takes effect, so plan ahead!

For more information on flood insurance, we encourage you to visit the Town's website at <http://www.bayharborislands-fl.gov> and click on "FLOOD PROTECTION INFORMATION." For links to valuable information and services to protect your family, pets and property, should an emergency occur. click on "EMERGENCY PREPAREDNESS LINKS."

BHI SPECIAL EVENTS

ACTIVE SENIORS ON THE GO

PEREZ ART MUSEUM MIAMI

Join us as we take a guided tour of the bay front Perez Art Museum Miami (PAMM). The tour will introduce our group to the renowned architecture of the museum and its art. The tour will start by exploring the museum's hanging gardens and continue inside to discuss the works of art from the PAMM permanent collection and temporary exhibitions.

Date: Tuesday, July 25 Cost: \$22. Departing at 10 am

AFTER SCHOOL AWARDS CEREMONY

On June 11, BHI and Ruth K. Broad Bay Harbor K-8 Center ended the school year at the Third Annual Bay Harbor Islands Parks and Recreation Award Ceremony. The event included encouraging comments from the Town Manager Ron Wasson, Mayor Jordan W. Leonard, School Principal Dr. Maria Rodriguez and Director of the Community Services Department Regine Choute. Children from all programs were recognized and honored. The event was followed by a wonderful buffet.

COVER

COVER YOUR SKIN WITH:

CLOTHING If you must be outside when mosquitoes are active, cover up. Wear shoes, socks, long pants, and long sleeves.

REPELLENT Apply mosquito repellent to bare skin and clothing. Always use repellents according to the label. Repellents with DEET, picaridin, oil of lemon eucalyptus, and IR3535 are effective. Use mosquito netting to protect children younger than 2 months.

COVER DOORS AND WINDOWS WITH SCREENS.

Keep mosquitoes out of your house. Repair broken screens on windows, doors, porches, and patios.

POLICE • COMMUNITY PARTNERSHIPS

NATIONAL NIGHT OUT

August 1st, 6:00 - 9:00 PM

Bay Harbor Islands Town Hall 9665 Bay Harbor Terrace

Food & refreshments! Entertainment! Police Demos! Prizes, giveaways, and more!

National Night Out is a family-friendly event dedicated to promoting crime prevention for safer neighborhoods through police-community partnerships. Don't miss out! Join the BHI Police Department, your neighbors and friends for this fun-filled and informative evening! For more info call 305-866-6242 or 305-866-6241.

PIZZA WITH THE POLICE

Police Department Hosts Community Gathering

At the Town's first *Pizza With the Police*, residents and families enjoyed an evening at the Morris N. Broad Community Center chatting with officers from the BHI Police Department and learning about programs and initiatives to address public safety concerns. Yes, there was also plenty of pizza!

"It was a very positive event," said Chief Sean Hemingway. "By making connections with residents and community groups, the Police Department has a powerful partner to help us solve public safety issues."

BOATERS BE AWARE OF OPERATION DRY WATER

Florida Fish and Wildlife Conservation Commission reminds boaters, that boating under the influence of alcohol and/or drugs is dangerous and illegal. In Florida it is illegal to operate a vessel with a blood alcohol content level of 0.08 percent or higher. During Operation Dry Water June 30-July 2, and extending through the July 4th holiday, there will be more officers on the water, patrolling for boaters operating vessels under the influence. Alcohol use is a leading contributor in recreational boater deaths. Last year in Florida, 24 percent of fatal accident victims (16) were related to alcohol or drug use – with 8 deaths in July, alone.

Upcoming Meetings

The Town Council welcomes your attendance at meetings. Regular Council meetings are scheduled for the second Monday of the month at 7 pm and the regular scheduled Planning & Zoning Board meetings are scheduled for the first and third Tuesday at 7 pm. To confirm all dates and times, contact the Town Clerk's Office at 305-866-6241. All meetings, unless regarding topics specifically exempt by state law, are open to the public.

- Planning & Zoning Board – Wednesday, July 5, at 7 p.m.
- **NO REGULAR COUNCIL MEETING IN JULY**
- Planning & Zoning Board – Tuesday, July 18, at 7 p.m.

The following future meeting dates are tentative and subject to change. Check the Town's website, www.bayharborislands-fl.gov.

- Regular Council Meeting:
August 14, September 11, October 16, 2017
- Planning & Zoning Board Meetings:
August 1 & 16; September 5 & 19, 2017

ALL MEETINGS ARE SUBJECT TO CHANGE

Council Action at the June 12, 2017 Meeting

- **Approval** of a resolution requested by Mayor Leonard to collaborate with the surrounding cities to fund a Hybrid Skate Park and Pumptrack to be located in Haulover Park. The Town's contribution to the project would be in the amount of \$50,000.
- **Approval** of an ordinance on **second** reading updating the monthly base charges for sewer charges for a 4-inch meter.
- **Approval** of a proposal by FIU in the amount of \$12,988 to perform a study for the creating of Interlocal Shuttle Bus System.
- **Approval** of an ordinance on **second** reading amending Section 20-9 of the Town Code updating the monthly base charges for sewer service.

Discussion Items for Aug. 14, 2017 Council Meeting

At the time of printing. All items are subject to change.

- Discussion requested by Mayor Leonard of possible locations for a community pool.
