Message From Mayor Salver

As we enter the 2025 Atlantic hurricane season, I urge all residents to take time now to prepare. Hurricane preparedness is essential to the safety and well-being of our community. Please ensure that your emergency plans are in place, your supplies are stocked, and that you are signed up for CodeRED alerts and other official notifications. The Town is prepared, and we will continue to work hard to keep you informed and protected throughout the season.

Even as we prepare for possible storms, we remain focused on strengthening Bay Harbor Islands for the long term. Our Town has been actively investing in infrastructure improvements that support flood mitigation and storm resilience—ensuring that our neighborhoods are safer and more protected against extreme weather. These upgrades are already making a meaningful difference and reflect our commitment to proactive planning.

I also recently had the opportunity to represent Bay Harbor Islands at the Coastal Mayors Executive Session, where I joined fellow municipal leaders to discuss regional environmental and resilience efforts. The session focused on initiatives to improve the health of Biscayne Bay, support long-term water quality, and address permitting and legislative issues that affect coastal communities like ours. These discussions reaffirmed the importance of working collaboratively to ensure the sustainability and protection of South Florida's natural resources.

I'm pleased to share that Bay Harbor Islands will host the next Coastal Mayors Executive Session this September. This gathering will bring together leaders from across Miami-Dade County to continue our collaborative efforts in addressing the challenges facing our coastal communities. Hosting this event underscores our Town's commitment to regional cooperation and environmental stewardship.

During our Town Council Retreat, we took time to assess long-term priorities and review strategies for continued success. High on the list were efforts to secure funding for a new Town Hall and Police Station Complex—an essential investment in safety, efficiency, and community services. We also remain actively engaged in securing federal and state support for the Broad Causeway Bridge replacement, a vital connection for residents, commuters, and emergency services.

In addition, our Town has embarked on a rebranding initiative to better reflect the identity, values, and future vision of Bay Harbor Islands. This new chapter will bring refreshed visuals, messaging, and engagement that honor our heritage while embracing growth and innovation.

As your Mayor, I continue to represent Bay Harbor Islands through active involvement in the Florida League of Cities. This important platform allows me to work alongside municipal leaders across the state to advocate for legislation that protects home rule, enhances public services, and strengthens our ability to respond to the unique needs of our community. Together, we are building a safer, stronger, and more vibrant Bay Harbor Islands. Thank you for your continued support, involvement, and trust. I look forward to the progress we'll make – together.

Warm regards,
Mayor Isaac Salver

Highlights of the May 14, 2025 Regular Council Meeting

- A Resolution approving Budget Amendment No. 3 to the Fiscal Year 2025 Budget to appropriate \$70,000 of the \$204,000 Children's Trust expansion grant award for continuing after school programming and summer camp.
- A Resolution awarding a contract to C&I Construction and Design, Inc. in the amount of \$871,000 to replace Sewer Ejector Station A with a Submersible Pump Station.
- A Resolution approving an employment agreement with Town Manager Lindsley Noel.
- A Resolution approving Compligrowth Solutions in an amount not to exceed \$80,000 for consultant services for Police Department accreditation
- Approval of an Ordinance on First Reading amending Section 23-11 of the Town Code of Ordinances defining mechanical equipment, prohibiting such equipment on the exterior wall of the second floor of any building, and requiring these equipment to be clearly identified and shown during the site plan review process.
- Approval of an Ordinance on First Reading amending Section 23-12 of the Town Code entitled "General Provisions" by revising Section 23-12(26) to add tennis court dimensional standards and padel ball to the outdoor recreational game court facilities allowed in the Town, modifying fencing regulations and providing for noise mitigation to accommodate this sport.
- Approval of an agreement with Momentum Group for the Art Festival.

Teachers of the Year Honored at Town Council

At the May 14 Town Council meeting, two teachers of the Ruth K. Broad Bay K-8 Center were honored for the impressive work to the school and with the children.

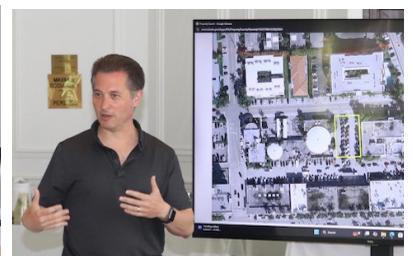

Abeer Ibrahim, for Pre-K Teacher - Rookie Teacher of the Year and Alyson Somers for Kindergarten Inclusion Teacher - Teacher of the Year.

Also, at the May 14 Town Council Meeting the Police Explorers Program teens led the Pledge of Allegiance.

Bay Harbor Islands Annual Town Council Retreat

On May 20, the Town Council, staff and guests spent eight hours in a retreat. The all-day event included, strategic planning and vision, committees, Town branding presentation and discussion, Town Hall development plan and Broad Causeway bridge replacement.

Mayor Salver Joins Coastal Mayors Executive Session

Mayor Isaac Salver recently represented Bay Harbor Islands at the Executive Session of the Coastal Mayors of Miami-Dade. Hosted by Mayor Jonathan Groth in Biscayne Park, the session brought leaders from Pinecrest, Miami Shores, North Bay Village, Surfside and Miami-Dade County. Discussions on regional coastal priorities included the Department of Environmental Resources Management (DERM), and Miami International Airport representatives.

Bay Harbor Islands remains committed to regional collaboration and long-term resiliency planning alongside our coastal partners.

National Police Week – Gratitude for the Line of Duty

The Police Department commemorate National Police Week in honor of those that paid the ultimate sacrifice. Join us in our mission to show appreciation and gratitude for our men and women who protect and serve the community of Bay Harbor Islands.

WATER SAFETY TIPS WORKSHOP

JUNE 12, 2025 AT 5:30PM

MORRIS N. BROAD COMMUNITY CENTER
1175 95TH ST, BAY HARBOR ISLANDS, FL 33154

WORKSHOP TOPICS:

- ✓ FREE CPR CERTIFICATION BY AMERICAN HEART ASSOCIATION
- ✓ SUPERVISION METHODS
- ✓ DROWNING PREVENTION
- ✓ SWIM SAFETY RESOURCES

OPEN ONLY TO RESIDENTS OF BAY HARBOR ISLANDS, SURFSIDE, & BAL HARBOUR

LIMITED TO 30 PARTICIPANTS

PLEASE CONTACT CORPORAL TOMAS REGO TO RSVP AT TREGO@BAYHARBORISLANDS.NET

IN PARTNERSHIP WITH
DISTRICT 4 COMMISSIONER

MICKY STEINBERG

Remember to Buckle Up

The Bay Harbor Islands Police Department is participating in the nationwide Click It or Ticket enforcement campaign, reminding all drivers and passengers that seatbelt use is not optional – it's the law.

This high-visibility effort is focused on education and enforcement to encourage consistent seatbelt use, which remains one of the most effective ways to protect lives in a crash. Officers will be stepping up patrols to identify and stop those who fail to buckle up.

BAY HARBOR ISLANDS HURRICANE & HEAT SAFETY PREPAREDNESS 2025

Official Guide for Residents | Hurricane Season: June 1 – November 30

As we enter hurricane season and the peak of summer heat, the Town of Bay Harbor Islands reminds all residents to take proactive steps to stay safe, informed, and ready for any emergency. Preparedness saves lives – and preparation starts now.

HURRICANE SEASON CHECKLIST

Know the Season – Hurricane season runs from June 1 to November 30. Begin your storm readiness early.

EMERGENCY SUPPLY KIT

Stock enough supplies to last at least 7 days: Water (1 gallon per person per day):

- Non-perishable food
- Medications and first aid
- Flashlights, batteries, radios
- Face coverings, wipes, and hygiene items
- Important documents in waterproof containers

EVACUATION PLANNING

- Identify your Storm Surge Planning Zone
- Know at least two evacuation routes
- Register for the Emergency & Evacuation Assistance Program (EEAP) if needed
- Keep your vehicle's gas tank at least half full

STAY INFORMED

- Sign up for Miami-Dade Alerts
- Download the Ready Miami-Dade App
- Follow @Miami-DadeEM and @BayHarborIslands for real-time updates

HOME PREPARATION

- Install storm shutters or impact windows
- Bring in loose outdoor items and trim trees
- Secure doors and check insurance coverage

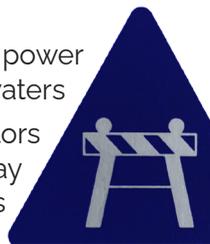

PET SAFETY

- Prepare food, water, medication, and safe shelter plans
- Know pet-friendly shelters or hotels nearby

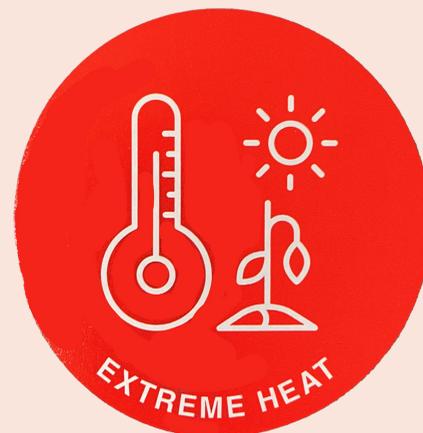

POST-STORM CAUTION

- Stay indoors until cleared by authorities
- Avoid downed power lines and floodwaters
- Use generators outdoors, away from windows and doors

KEY RESOURCES

- Miami-Dade Hurricane Guide: miamidade.gov/hurricane
- Ready Miami-Dade App: For alerts, maps and preparedness tools
- CodeRED Notifications: Sign up at bayharborislands-fl.gov
- Cooling Centers & Assistance: Call 3-1-1 or visit Miami-Dade's Heat Safety page

HEAT SAFETY TIPS

South Florida's high temperatures can be just as dangerous as storm threats. Take steps to stay cool and safe:

- Stay Hydrated – Drink water throughout the day, even if you don't feel thirsty.
- Limit Outdoor Activities – Avoid strenuous activities during peak heat (11 AM – 4 PM).
- Wear Light Clothing – Choose breathable, light-colored fabrics.
- Use Air Conditioning – If you don't have A/C, visit a cooling center or public building.
- Never Leave Children or Pets in Cars – Temperatures can rise to deadly levels within minutes.
- Check on Vulnerable Neighbors – Older adults and those with health conditions are more at risk.

BUSINESS SPOTLIGHT

KINOKO

Your Gateway to Authentic Asian Flavors

The journey of KINOKO is rooted in culinary passion and expertise of a family deeply devoted to the art of Asian cuisine. With 20 years of culinary experience, Edras and his brothers, Fernando and Oscar, are the creative head chefs. Together with their sisters, they sculpt the gastronomic identity of KINOKO, crafting sushi and Asian dishes that captivate the senses, bringing Asia to Florida's shores. Immerse yourself in Bay Harbor Islands' prime destination for extraordinary Asian cuisine.

In the tranquil palm fronds and idyllic vistas of Florida, is a beautiful fusion of age-old Asian traditions and contemporary culinary artistry. With owner Edras at the helm and over two decades of shared culinary experience, this close-knit family team is reinventing the sushi dining experience for both local and visitors. We invite you to visit us for a memorable dining experience.

Town of Bay Harbor Islands Flood Protection Information

Because Bay Harbor Islands lies entirely in a floodplain, the Town is required to have floodplain management ordinances. These ordinances, which were adopted in 1993 and subsequently updated in 2009, allow the Town to participate in the National Flood Insurance Program (NFIP). The Town's participation in the NFIP enables property owners to obtain flood insurance. The Federal Emergency Management Agency (FEMA) has determined that incorporated municipalities in Miami-Dade County should be considered separately to ensure better compliance with NFIP regulations.

Additionally, the Town has applied for and received classification in the NFIP's Community Rating System (CRS). As a result of the Town's participation in the CRS and its efforts to achieve higher ratings, residents may be able to see a discount in flood insurance premiums. You can help our standing in this program by providing the Town's Building Department with a flood elevation certificate for your property.

Local Flood Hazard

This information is being provided to you because the entire Town is in a flood hazard area, which means all properties located with the Town (including yours!) are in the flood hazard area. It is imperative that you know what to do to minimize flood damage. Since Bay Harbor Islands is comprised of two barrier islands surrounded by Biscayne Bay, a storm surge may flood the entire Town. Any storm surges experienced here will most likely be as a result of a hurricane or tropical storm.

Town Flood and Map Information Services

To assist residents in understanding the National Flood Insurance Program and the effects construction, remodeling and maintaining buildings, the Town offers the following services:

- Flood Insurance Rate Map (FIRM) Reading/Determination – Assist you in understanding the FIRM and determine the correct base flood elevation for specific properties.
- Flood Insurance Rating Data
- Site specific elevations for mechanical equipment
- Copies of completed FEMA Elevation Certificates are available
- Provides information on our local drainage system and those areas they may experience local drainage problems
- Historical flood information

Additionally, staff will visit properties upon request to review its flood problem and explain ways to stop flooding or prevent flood damage. For further assistance, please contact the Town's Building Department at 305-993-1786 or in person at 9665 Bay Harbor Terrace, Bay Harbor Islands, FL 33154.

Drainage System Maintenance

A serious risk to the safety of residents is the blockage of catch basins by debris which prevents proper drainage of storm water. The Town sweeps the streets on a weekly basis and monitors all catch basins after each storm event. As a resident you can help by not placing lawn cuttings or any other debris out by the curbside on the Town of Bay Harbor Islands Flood Protection Information weekend. This is a violation of Section 9-23 of the Town Code. If you see or know of anyone illegally dumping materials/debris into any catch basins within the Town or tampering with any part of the Town's drainage system, please contact Town Hall immediately at 305-866-6241.

Flood Safety

- Do not walk through flowing water! Drowning is the number one cause of flood deaths, mostly during flash floods. Currents

can be deceptive; six inches of moving water can knock you off your feet. If you walk in standing water, use a pole or stick to ensure the ground is still there.

- Do not drive through a flooded area! More people drown in their cars than anywhere else. Do not drive around road barriers as the road or bridge may be washed out.
- Stay away from power lines and electrical wires! The number two flood killer after drowning is electrocution. Electrical current can travel through water. Immediately report downed power lines to Florida Power & Light (FPL) or to the Town's Police Department.
- Have your electricity turned off by FPL! Some appliances such, as television sets, keep electrical charges even after they have been unplugged. Don't use appliances or motors that have been wet unless they have been taken apart, cleaned and dried.
- Look out for animals, especially snakes! Small animals that have been flooded out of their homes may seek shelter in yours. Use a pole or a stick to poke and turn things over and scare away small animals.
- Look before you step! After a flood, the ground and floors are covered with debris including broken bottles and nails. Floors and stairs that have been covered with mud can be very slippery.
- Be alert for gas leaks! Use a flashlight to inspect for damage. Don't smoke or use candles, lanterns, or open flames until the gas has been turned off and the area has been ventilated.

Flood Warning System

In cases where flooding might occur during emergency situation, the following local radio and television stations will provide critical information as part of the Emergency Broadcast System:

WIOD-610 AM (E), WAQI-710 AM (S), WINZ-940 AM (E), WQBA-1140 AM (S), WFOR-CH 4 (E), WTVJ-CH 6 (E), WSVN-CH 7 (E), WPLG-CH 10 (E), and WFTS-CH 28 (S)

(E) English Language Broadcast (S) Spanish Language Broadcast

In the event of a hurricane, all residents of Bay Harbor Islands are required to evacuate when ordered by the mayor of Miami-Dade County. Shelter information will be broadcast at the time of the emergency, however, each resident should make plans well in advance of the emergency. Public emergency shelters should be your last resort. During other emergencies always dial 911 for Police and Fire Rescue services.

Information regarding emergency procedures and evacuation routes from Miami-Dade County Emergency Management may be found at <https://www.miamidade.gov/global/emergency/home.page> or by calling 3-1-1. Other sources for information concerning Special Flood Hazard Areas and insurance are:

BHI Town Hall: 305-866-6241
Miami-Dade Library: 305-682-0726
DERM: 305-372-6789
FEMA: 877-336-2627
South Florida Water Management: 561-686-8800
State NFIP Coordinator: 850-815-4507

Detailed information concerning flood preparedness and insurance is available at: Miami-Dade County Library, Sunny Isles Beach Branch in the Reference Section, 18070 Collins Avenue, Sunny Isles Beach, FL 33160, 305-682-0726.

Property Protection Measures/Flood Proofing

The term “flood proofing” means physical alterations to your building that improve the ability of properties and structures to withstand the damages caused by flooding. You need to prepare your own emergency list of activities and procedures to follow in case of a flood, tropical storm or hurricane. Information is available at Town Hall, the Miami Dade County Office of Emergency Management and at the local library. You must take action now to minimize losses to you property and possessions.

While recent improvements in construction practices and regulations have made new homes less prone to flood damage, there are a significant number of existing homes that are susceptible to flood losses. These losses can be minimized through some of the temporary and permanent flood proofing/ retrofitting techniques, such as:

- Constructing small flood walls or earthen berms
- Waterproofing and water tightening closures of doorways
- Raising your property above flood level
- Elevating and securing electrical appliances
- Under emergency conditions, sandbags can be used to shore structures, and elevating or covering furniture and valuables can help minimize damage.
- Installing storm shutters and reinforcing garage doors to provide hurricane protection

Important Note: Any alteration to your building or land requires a permit from the Building Department. Even regrading or filling the floodplain requires a permit.

For more information on these techniques, you may call the Building Department at 305-993-1786.

Dry Flood Proofing

Dry flood proofing includes sealing or waterproofing with special materials and compounds which provide a chemical or physical barrier against water intrusion during times of flooding. Information on this can also be found in the reference section at the local library.

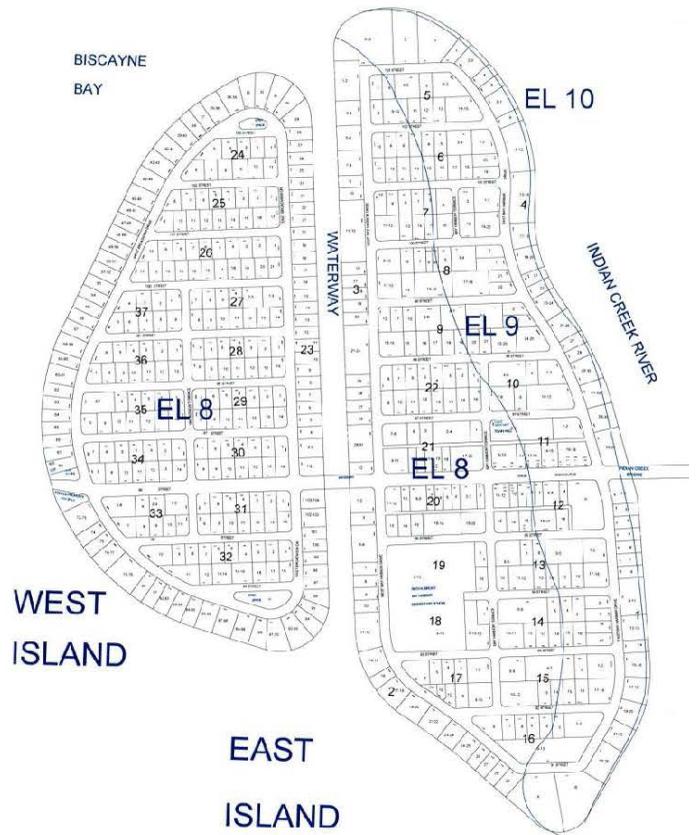

Floodplain Development

The Town of Bay Harbor Islands has a flood damage prevention ordinance that governs all development within the Town. This ordinance complies with the requirements of the National Flood Insurance Program and applicable state law. Cumulative substantial improvement over a five year period is contained in the ordinance. Work that exceeds 50% of the value of the structure in five years triggers additional requirements. The NFIP requires that if the cost of reconstruction, rehabilitation, addition or other improvements to a building equals or exceeds 50% of the building’s market value, then the building must meet the same construction requirements as a new building. Substantially damaged buildings must be brought up to the same standards (e.g., a residence damaged so that the cost of repairs equals or exceeds 50% of the buildings value before it was damaged must be elevated above the base flood elevation).

Since the Town lies completely in a special flood hazard area surrounded by Biscayne Bay, all development and improvements require permitting from the Town of Bay Harbor Islands Building Department. This is to insure that proposed development and improvements meet all existing codes for the work contemplated. This includes buildings, fences, slabs, pools, sprinklers, air-conditioners, excavations, grading and filling. In fact, any work that has a value of \$100.00 or more must have a permit. If you are considering doing any work to your property, please contact the Town’s Building Department for a free consultation. All work

must have a permit card prominently displayed on the building or work site.

Anyone who sees construction work being performed and does not see a permit card should contact the Town’s Building Department as soon as possible.

Flood Insurance

Always carry flood insurance! Regular homeowner’s insurance does not cover flood losses, but during the life of an average mortgage, residents have a 26% chance of experiencing a major flood disaster during the life of a 30 year mortgage. Flood insurance through the NFIP is available by contacting a licensed property and casualty insurance broker. Limits to coverage are \$250,000 for residential structures and \$500,000 for commercial structures.

If you are currently covered, double-check that the building coverage is adequate and make sure you have contents insurance. Contents insurance can also be purchased with a separate premium under the same policy. Limits to contents coverage are \$100,000 for residential and \$500,000 for non- residential.

Please note: when purchasing flood insurance, there is a 30-day waiting period before the policy takes effect, so plan ahead!

For more information on flood insurance, disaster preparedness, and other important lifesaving information, we encourage you to visit the Town’s website at <http://www.bayharborislands.org> and click on “LEARN MORE” under Important Links and Information.

IN MEMORIAM

Bay Harbor Islands honors the life and legacy of Rabbi Sholom D. Lipskar – a deeply respected spiritual leader and guiding light in our community.

As the founding Rabbi of The Shul of Bal Harbour, where many of our residents practice their faith, Rabbi Lipskar's leadership and compassion were felt across generations. His teachings reached far and wide, but his connection to our Town was especially meaningful.

Rabbi Lipskar was the father of our Police Department Chaplain, Rabbi Zalman Lipskar. On numerous occasions, he personally stepped in to support our officers, offering blessings, comfort and wisdom at Town events and ceremonies. His presence brought strength to our community in moments of reflection and unity.

We are grateful for his life of service and extend our heartfelt condolences to the Lipskar family. His impact on Bay Harbor Islands – and beyond – will never be forgotten. May his memory be a blessing.

DISCOVER FUN & EXPLORE MORE AT CAMP Y

RUTH K. BROAD/ BAY HARBOR K-8
1155 93rd Street, Bay Harbor Islands, FL 33154

DISCOVER, PLAY, AND GROW THIS SUMMER!
Welcome to our Dance & Sports Camp—where movement, fun, and adventure come together! Campers will groove to jazz, contemporary, and hip-hop dance, enjoy exciting games, and take on friendly sports challenges. With lunch, breakfast, and field trips included, the fun never stops! Get ready for a summer full of rhythm, play, and unforgettable memories!

WHAT'S IN STORE?

-  Sports Camp: YMCA certified coaching in soccer, basketball, flag football, and softball to sharpen skills and build confidence.
-  Dance Camp: High-energy sessions will ignite your child's creativity and passion for movement as they groove to exciting jazz, contemporary, and hip-hop dance routines, all leading up to an unforgettable end-of-summer Y-Dance Show!

*Support for Families: We offer sibling discounts, and financial assistance is available for those who qualify.
